

West Jordan Elementary School Report Card 2019-2020

Dear Parents,

This link will provide you with your child's school report card. The report card is just one piece of information that when combined with other information shows how schools and districts are performing in multiple areas.

[School Overall Performance](#)

"The state's education community experienced unprecedented conditions during 2019-2020 due to the coronavirus (COVID-19) pandemic. Although the 2019-2020 Report Card is heavily impacted by COVID-19-related school soft closure and the education landscape of Spring 2020, the goal of the Report Card remains - to ensure high expectations and equitable outcomes for all Utah students." (Utah State Board of Education)

The edition on the link provides the data that is available for 2019-2020. Utah was able to complete all WIDA ACCESS testing for English Learners prior to the school closure, so English Learner Progress information is made available. The following table will explain elementary items not reported and reported on the report card.
